

CURRICULUM FRAMEWORK

The purpose of this framework is to outline South Geelong Primary School's organisation, implementation and review of curriculum and teaching practices and to ensure that, taken as a whole, all eight learning areas are substantially addressed, unless an exemption applies.

The framework shows, at a high level, how the school will deliver its curriculum, how the curriculum and teaching practice will be reviewed, how we assess student learning, how we record and monitor student performance, and when and how we report to parents.

This curriculum framework should be read alongside our whole school, curriculum area, year level and unit / lesson curriculum plans.

OVERVIEW

South Geelong Primary School provides all students with a planned and structured curriculum to equip them with the knowledge, skills and attributes needed to complete their schooling and to make a successful transition from school to work, training, or further education.

South Geelong Primary School is committed to offering a comprehensive curriculum based on the [Victorian Curriculum F-10](#). The key points in this framework, and in line with the [F-10 Revised Curriculum Planning and Reporting Guidelines](#), are a commitment to:

- A defined curriculum content is the basis for student learning
- Curriculum planning that is based on two-year bands of schooling rather than each year level
- Developing and publishing a separate whole-school curriculum plan that documents our teaching and learning program
- Reporting student learning against the achievement standards in the curriculum
- Reporting student learning to students and parents in line with the Department's [Reporting Student Achievement and Progress Foundation to 10](#) policy.
- Complying with Departmental policies relating to curriculum provision, including:
 - [Physical and Sport Education — Delivery Outcomes](#)
 - [Sexuality and Consent Education](#)
 - [Holocaust Education – Delivery Requirements](#)

South Geelong Primary School aims to nurture successful learners who are confident, creative, and curious, and who grow into active, informed citizens ready to shape a better future.

IMPLEMENTATION

South Geelong Primary School implements its curriculum consisting of English, Mathematics, Science and integrates other Victorian Curriculum Domains such as Humanities and Technologies, into units of Inquiry learning. At South Geelong Primary School, class time is structured into a weekly timetable, with five hours of learning per day, broken into five - 60 minute sessions.

Further information on how our school implements the curriculum, including the learning areas provided at each year level/band of schooling, and the capabilities that are developed by students across these learning areas and the approximate time allocations for each learning area, is provided in our whole school, curriculum area, year level and unit / lesson curriculum plans.

Language provision

South Geelong Primary School will deliver Japanese as a Language, based on numerous surrounding secondary schools in our area also specialising in Japanese.

Pedagogy

At South Geelong Primary School, our pedagogical approach is grounded in the Framework for Improving Student Outcomes (FISO 2.0), ensuring excellence and equity in both learning and wellbeing. We commit to consistent, evidence-based instructional practices across all classrooms, using DET's High Impact Teaching Strategies (HITS) — including *explicit teaching, differentiated instruction, collaborative learning, structured lessons, goal setting, feedback, questioning, metacognitive strategies, and multiple exposures* — to maximise student growth and engagement.

Subject-specific pedagogy is strengthened through professional collaboration, assessment-informed practice, and ongoing reflection, ensuring all students are known, challenged, and supported to thrive academically, socially and emotionally.

Assessment

South Geelong Primary School assesses student progress in line with the Department's [Assessment of Student Achievement and Progress Foundation to 10](#) policy.

Students at South Geelong Primary School will have multiple and varied opportunities to demonstrate learning and achievement. Teachers use assessment tasks that cover multiple curriculum levels to ensure that evidence of learning and growth is captured for every student.

- *Teachers at Example School use a combination of formative assessment for learning (to focus feedback and guide future learning) and summative assessment of learning (to determine what the student has learned at the end of a sequence of learning), alongside student self-assessment and reflection.*
- *Assessment is used in an ongoing way, to guide future lessons and learning, as well as to keep students and parents informed of student progress.*
- *Teachers will use a variety of assessment strategies to gather evidence about student achievement. The agreed assessment processes and tasks are documented in the Subject Unit Designs and Learning Sequences. The assessments may include, but are not limited to, tests and assignments, projects, portfolios, performances, discussions or student-teacher conferences.*
- *Assessment tasks are developed to support students to show their knowledge, skills and understandings and will include clear instructions, relevant supporting documents (scaffolds, planning documents, etc) and allow sufficient time for completion. Teachers will make modifications to the task to cater for students with additional learning needs.*
- *Example School will develop Individual Education Plans (IEPs) for students who receive tier 3 supports (Disability Inclusion), Koorie students and students in 'Out of Home' care, in consultation with students, parents and where appropriate, with outside agencies.*
- *Teachers will assess the achievements of students with disabilities and impairments in the context of the Victorian Curriculum and the 'Towards Foundation Level Victorian Curriculum' where applicable.*
- *The English language proficiency of English as Additional Language EAL students will be assessed using the Victorian Curriculum F-10 EAL.*

- *Where possible, staff will participate in cross marking of assessment tasks (moderation) involving assessment rubrics and work samples so that staff can apply consistent judgements of student progress against Victorian Curriculum Standards across the school.*

Reporting

South Geelong Primary School reports student progress to parents in line with the Department's [Reporting Student Achievement and Progress Foundation to 10](#) policy. In addition, South Geelong Primary School ensures that there is continuous sharing of assessment information formally and informally with parents/carers throughout the term/semester, including through twice-annual formal reporting.

The report will be in a written format easy for parents/carers to understand and will be accessible in digital form with the option to translate text from English to another language, to cater to our school community.

- *Example School will report directly against the Victorian [Curriculum F-10 achievement standards](#) or, if reporting on students for whom English is an additional language, the Victorian [Curriculum F-10 EAL achievement standards](#).*
- *Both student achievement and progress will be included in the report.*
- *An age-related five-point scale, where the quality of a student's achievement against what is 'expected' for students of that year level at the time of reporting, will be used for reporting against the achievement standards in English, Mathematics and Science (where applicable).*
- *Opportunities will be provided for parents/carers and students to discuss the school report with teachers and/or school leaders.*

Parent-teacher interviews, conducted twice-yearly, enable the opportunity to discuss the students' progress and how they can continue to be supported at home. Interpreting services will be made available where required.

CURRICULUM AND TEACHING PRACTICE REVIEW

School curriculum and teaching practice is reviewed against the [Framework for Improving of Student Outcomes \(FISO 2.0\)](#). FISO and the FISO improvement cycle help identify focus areas for improvement and to evaluate the impact of introduced initiatives.

Review of school curriculum

South Geelong Primary School undertakes a comprehensive review of its curriculum every four years, aligned with the Victorian Government's mandated School Review cycle, in which all government schools participate. This process forms a key component of the Framework for Improving Student Outcomes (FISO 2.0) improvement cycle and ensures our curriculum remains compliant, contemporary, and responsive to student needs

Review of teaching practice

South Geelong Primary School reviews teaching practice via:

- Professional Learning Communities, which link the learning needs of students with the professional learning and practice of teachers and provide an opportunity for teachers to collaboratively evaluate the effect of high impact teaching strategies; and

- the Performance Development cycle, which provides an opportunity to provide feedback to teaching staff on their performance to support ongoing learning and development, with a focus on how student learning can be improved through improving teaching practice.
